TOUCH POS TERMINAL

Lightning-Fast Check-In & Smart Upsell

Cashiers process walk-ins in under 30 seconds. Vehicle types, service packages, and add-on treatments calculate automatically with live dual-currency conversion.

- ✓ **Automatic Rate Recalculation:** Dynamic pricing tailored to Sedans, SUVs, Pickups, and Motorcycles.
- ✓ **One-Tap Smart Upgrades:** Built-in prompt suggests high-margin detailing and wax upgrades at checkout.
- ✓ **KHQR & Cash Reconciliation:** Immediate printed or digital receipts with real-time exchange rates.

WAITING LOUNGE DISPLAY

Live Customer Queue & Service Bay Board

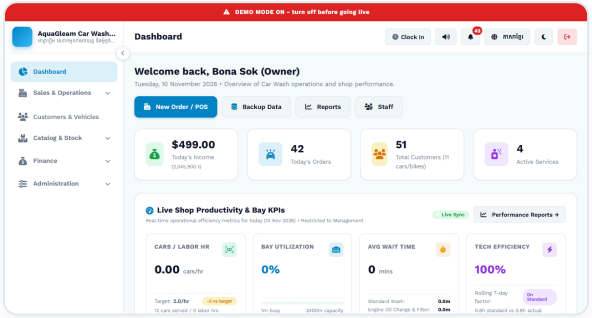

Mount on any standard Smart TV. Keeps waiting customers fully informed with live progress updates, current bay occupancies, and vehicle pickup readiness in Khmer and English.

- ✓ **Real-Time Bay Status:** Color-coded indicators show active wash, wax, detailing, or lift bays.
- ✓ **Ready for Pickup Column:** Customers immediately see when their license plate is finished and ready.
- ✓ **Zero Customer Anxiety:** Transparent estimated wait times prevent queue disputes and walk-outs.

1. **Express Intake** — License plate & vehicle class
2. **Verified Payment** — Cash, KHQR, or Card lock
3. **Bay Routing** — Auto skill & priority assignment
4. **QC & Handover** — Inspection signoff & pickup alert

Total Business Visibility & Ironclad Revenue Security

Empower business owners and supervisors with live KPI monitoring, automated commissions, and audit integrity.

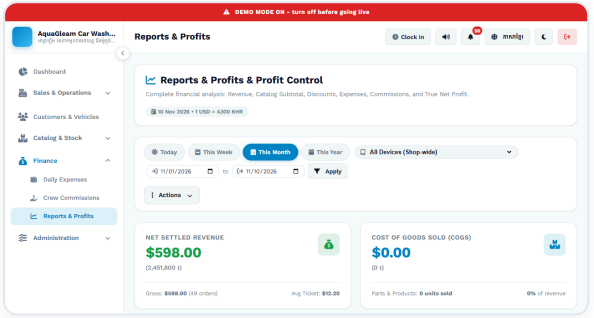

OWNER DASHBOARD

Real-Time Productivity

Instant overview of daily revenue, vehicle throughput, bay utilization percentages, and technician labor efficiency.

- ✓ **Bay Utilization:** Live idle vs. active time tracking across all bays.
- ✓ **Labor Productivity:** Cars completed per labor hour vs. target.

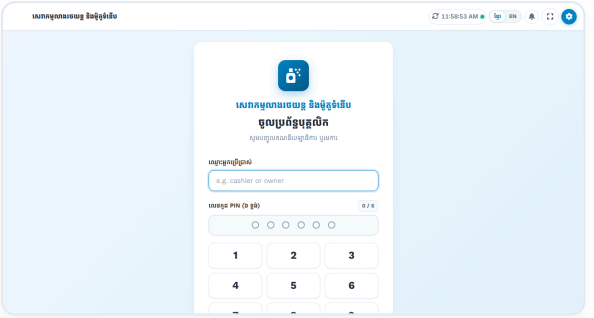

PROFIT INTELLIGENCE

True Net Profit Reports

Automated daily ledger subtracting operating expenses, chemical product costs (COGS), and staff commissions from settled income.

- ✓ **Automated Commissions:** Crew payouts calculated by assigned service.
- ✓ **Multi-Terminal Rollup:** Filter by date, shift, or entire shop.

ROLE SECURITY

Supervisor PIN & Fraud Shield

Individual 6-digit staff PINs secure all touchpoints. Sensitive actions require manager elevation.

Anti-Leakage Protection

No vehicle enters a wash bay without payment lock. Voids, discounts, and refunds require supervisor PIN approval and are permanently recorded in an immutable audit ledger.

Why Leading Operators Transition to AquaGleam

A proven operational upgrade delivering measurable financial return and stress-free daily management.

Operational Area	Traditional Manual Operation	With AquaGleam Smart Platform
Customer Intake & Pricing	Paper tickets, handwriting errors, frequent price disputes	Fast touch POS, automatic vehicle class rates, instant receipt
Queue Management	Unorganized parking line, shouting across bays, customer anxiety	Automated TV screen display, clear license plate order, pickup notification
Revenue Protection	Cash slippage risk, unauthorized free washes, untracked voids	Pre-wash payment gate, manager PIN required for voids, strict audit log
Staff Management	Disputed commission splits, manual ledger calculations at night	Automatic order commission tracking, individual PIN accountability
System Reliability	Cloud-only tools crash when shop internet drops	100% offline-resilient local execution with automatic background sync

Any Hardware

Works on existing Windows PCs, iPads, Android tablets, touch terminals, and Smart TVs.

Rapid 1-Day Rollout

Intuitive interface allows staff to master checkout and bay assignment within one single shift.

Automated Backups

Daily automated backups ensure your customer history, sales records, and ledger are never lost.
